## Career day 2024

### We're looking for talents

UNIVERSITY OF FLORENCE – 2024 EDITION CAREER DAY

The 2024 edition of the Unifi Career Day has opened on the Morgagni campus in May. A huge number of young people (students, recent graduates, doctoral students and PhDs) of the Florentine University have registered for an interview aimed at an internship or a job.

Tuscany has always been strongly associated with research and innovation, featuring excellent research centres and highly qualified universities. The region has thus reached a high index of human resources and competences.

Snap-on Climate Solutions caught the opportunity of the Career Day, the most important event organized by the University to facilitate the professional integration of its students into the world of work. For the company this day represents a part of the constant research for Snap-on's future talents and success stories.

## Passion for customer connection

A huge number of sales events to meet you personally. Have a look on [www.ecotechnics.com](http://www.ecotechnics.com) for the next opportunities.

### Keep it personal

The passion for customer connection shan't miss personal meetings. The endless number of sales events give the opportunity to meet and connect, to share professional knowledge and find out best solutions on workshop needs.

### Keep it professional

There're more than 70 sales events among international and national fairs, regional and local events up to sales events "open doors" of our distributors. It's a priority to ensure efficient sales support due to professional organization of any sales event:

This month: after Berlin and Peru, PV LIVE in Essen from May 25<sup>th</sup> – 26<sup>th</sup>
