@ PERIODICAL NEWS EDITION – THE INFORMATION DRIVEN BUSINESS SUPPORT

2025 OCTOBER

Unlock your potential Trained people sell and service better

In the world of workshops for automotive repair and maintenance, technical expertise is essential and constant up-to-date information is required.

Continuous training for technicians is no longer an option, but rather a strategic need to stay competitive, ensure quality service, and meet the challenges posed by technological evolution in the automotive industry.

Discussions and even the trickiest technical details have been shared and cleared with some highly experienced and specialized technicians

SCS offers various training sessions in Sales, Marketing and Technical Service to ensure best professional competence and up-to-date know-how of its Partners, undeletable to develop efficiently business opportunities by best service levels. In October SCS invited to great Training and Demonstration Sessions focused on R744 (CO₂) air conditioning systems and the up-to-date ATF program.

AIR CONDITIONING ACCESSORIES

Snap-on Climate Solutions offers **all you need** for a professional A/C Service: accessories, consumables, leak detection and items for regular maintenance.

The focused selection of most popular PAG and POE standards of compressor oil and dye can cover more than **95% of market needs with just 3 universal products**

The **Gas Analyser** represents the best solution to manage the risk of contamination, is easy to install, detects percentages of components and excludes the risk of any possible contamination.

Many other highlights are remarkable as the **diagnosis sight glass**, the outstanding efficiency of the **Flushing Kit** or the "little helpers" as **Swift couplers** for extension to keep connections smart.
