MOTORWORLD Event location and driving culture in an industrial monument

LKQ

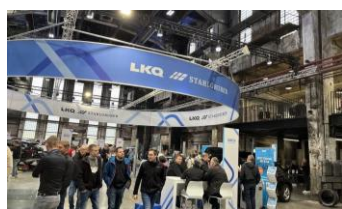

STAHLAGRUBER

Once again in Metzingen: interest and strong attraction of Ecotechnics ATF and A/C program

On the site of the former Henning Schmiedetechnik, Motorworld Village Metzingen is a lively place with a unique industrial-historical charm. The new project combines attractive event & conference areas, gastronomy and a Motorworld V8 Hotel with workshops, showrooms and services on the subject of mobility.

www.motorworld.de/en/metzingen/

An extraordinary characteristic chosen by LKQ Stahlgruber to held one of their local Roadshows last October. This time again strong attraction by Ecotechnics A/C and ATF program.

**Ottobre 2026,
Verona**

Independent meeting place for all after-sales operators

Service Day is an event dedicated to the automotive after-sales sector, bringing together expertise, experience, and management ideas to share and promote the growth and development of the after-sales market. For more information: www.serviceday.it

Among main players on this event Snap-on Total Shop Solutions. Ecotechnics brand presented the range of A/C Stations, accessories and the full program of ATF for cleaning and oil replacement of automatic gearboxes. Remarkable attraction by the new station **ECO₂R744** for CO₂ air conditioning systems.

Outstanding success of the A/C Station ECO₂R744 for CO₂ systems due to its the modern and strong features.

Autotec Expo Greece: professional exhibition of spare parts, equipment and services for workshops, tire repair shops, body shops for passenger cars and trucks, as well as accessory shops, repair, maintenance and car care.

AOEAS A.E.

LOXAS: With over 38 years of experience, it is a leading company in the field of garages, body shops, vulcanizers, and car washes.

"The planning and sales policy is directly linked to our technical presence with the aim of quickly resolving the problems faced by each customer. We give great importance to After sales with an open telephone support line and coverage of any damage within 48 hours throughout Greece, with the presence of an experienced technician aiming at the responsible resolution of the problem."

The exposition confirmed again its strong attraction and Snap-on Climate Solutions is pleased of the success our partner Loxas has achieved during the fair both with A/C and the full ATF program. Many thanks to Loxas for the competent partnership.

Tools, diagnostic and workshop equipment among the main players on this event.

Snap-on presentation focused on Ecotechnics and Sun branded program of Diagnostic tools, A/C Stations & accessories and the complete ATF equipment for cleaning, and oil replacement of automatic gearboxes. Strong interest again confirmed especially by the ATF program and the new A/C Station for CO₂ air conditioning systems.
