The great ATF adapter range becomes even bigger The exclusive solution for Mercedes-Benz

A88

DECKRACK8288
MERCEDES 9G TRONIC
THERMOSTAT, 725.X

A89

DECKRACK8289
MERCEDES 8G - DCT 724.1
(W118, W177, W247)

A90

DECKRACK8290
MERCEDES 8G TRONIC

As by MB's own instruction procedure documents, some models require special adapters to perform the ATF service. SCS is very pleased to enrich the ATF adapter range by these Mercedes-Benz Parts.

The Adapters A89 and A90 are required for discharge, top up or oil level control, while the Adapter A88 is specifically designed to perform the level control of 9G Tronic with Thermostat (OEM W724589002100).

Following the recent implementation of other 10 new adapters, we're proud to enrich further the widest available range of ATF adapters. For the full up-to-date range and oil level connectors, please visit the ATF pages on Ecotechnics homepage or [click here](#).

TOUCH
SMART
EFFICIENCY

9.-15. November 2025 | Hannover

**AGRI
TECHNICA**
THE WORLD'S NO. 1

World's leading trade fair for agricultural machinery

Under the theme "Touch Smart Efficiency" AGRITECHNICA 2025 offered visitors direct access to innovative, networked agricultural systems that increase efficiency, sustainability, and productivity through digital technologies. Meet global players, hidden champions, innovators, and visionaries. They all present solutions for the challenges of global agriculture.

Agriculture Air Conditioning is a must!

Maintenance of air conditioning systems in agricultural and other heavy vehicles is represented by the premium positioned and fully equipped **ECK 4012** and the flexible solution **ECK 1900 Pro** as the best "value for money" solution. A classical evergreen is always confirmed by the ECK LAND, the mobile station of Ecotechnics.

ECK 1900 Pro & ECK 4012, version "agri"

Both stations in "agriculture" version are equipped with longer 6m service hoses and inflatable wheels for smooth maneuvering on uneven surfaces.

SEMA
SHOW

NOVEMBER 4-7, 2025
LAS VEGAS CONVENTION CENTER
LAS VEGAS
BOOTH - 41057

SEMA is the premier trade show organized by the Specialty Equipment Market Association. A trade-only event for automotive specialty equipment manufacturers. Snap-on displayed TSS – TOTAL SHOP SOLUTIONS, the family of Snap-on brands that brings together best-in-class automotive repair products. From wheel balancers, wheel aligners and diagnostics to brake lathes, automotive lifts, and collision repair.

Participation of Snap-on confirmed again the outstanding attention on several key factors as Innovation, customer engagement, brand visibility and networking.

Pro-active interacting with customers by providing live demonstrations involved distributors and potential customers.

Among attractive highlights during the fair also lively interest on diagnostic products and Air Conditioning Service Stations **ECO DUAL GAS** and **ECO NEXT ONE** for HFO or R134a refrigerant.

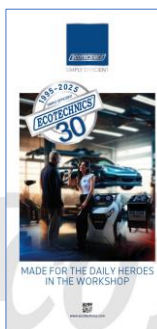

LKQ

STAHLGRUBER

LKQ Leistungsschau, Nürnberg

The true meeting of workers.

"A high concentration of professionals and specific professional know-how."

Among main players on this event the Snap-on brands Hofmann, John Bean, Sun and Ecotechnics.

Air conditioning focus has been represented by the premium positioned and fully equipped **ECK FLAG** and **ECK 4012** and the bestseller "Top solution for both refrigerants" **ECK TWIN 12**. Even the smart mobile solution **ECK LAND** registered unexpected results beyond expectations.

Ecotechnics Equipment **ATF Moovetech** for cleaning and oil replacement of automatic gearboxes is now among the highly attractive categories. "The comprehensive premium functions are future oriented and give the workshop the most competent and complete maintenance and repair service for air conditioning systems and automatic gearboxes."

AAG.technika

AAG.technika 2025

THE INDUSTRY HIGHLIGHT FOR WORKSHOPS AND RETAILERS!

This year, visitors and exhibitors once again met at the MCC Halle Münsterland to learn all about the latest innovations and opportunities in the automotive industry. AAG.technika took place on October 25 and 26, 2025 – a whole weekend packed with automotive expertise!

Primetool branded Workshop Service Equipment has been among the highlights. Once again, the interest in premium A/C air conditioning units was confirmed. Especially the features pressure test, gas analysis, flushing, hybrid and automatic oil management with hermetic containers have been among most appreciated and required features. **ECK TWIN 12**, **EASY** and **PROFESSIONAL** continue their success story as the best "value for money" solution.

**PROFI SERVICE
TAGE** **COPARTS**

The **PROFI SERVICE DAYS** in Frankfurt focused on future-oriented topics. Hall 3 also addressed the challenges of the "here and now". Seize the opportunities **TODAY** and identify the trends and potential of **TOMORROW**!

SEE MORE. KNOW MORE. ACHIEVE MORE.

This fair event offered opportunities to discuss with experts and industry leaders the impact of innovations on daily business, operational challenges in management, and groundbreaking developments that will change your everyday workshop life.

EXPERIENCE WORKSHOP EQUIPMENT LIVE!

Over 140 top exhibitors from the fields of vehicle parts (passenger cars & commercial vehicles), workshop equipment, tools, and service providers presented their products and services across 18,000 square meters.

For Snap-on great opportunity to meet with colleagues and customers of the Snap-on brands Sun, Hofman, John Bean and Ecotechnics.
