INDUSTRY MEETS WORKSHOPS. SNAP-ON IS ALWAYS CLOSE TO YOU

“A high concentration of professionals and specific professional know-how.”

Meet personally is the most efficient way to align manufacturers with the needs in a workshop. Snap-on is frequently close to you. All over the world.

Product presentations carried out directly by specialists represent the best way to recommend the most suitable solutions for workshop's needs. Professional advice makes happy workshops and end-users. Further, it's a precious opportunity to keep industry updated on real workshop needs.
